TUTORING SESSION CLOSEOUT

The tutoring session kicked off in November 2021 with over 25 registered students for tutoring has closed for the session in June 2022. Our professionals, volunteers who came through for the students, and other contributions to the session were successful.

Classes were held Tuesdays and Wednesdays from 4 pm-7 pm respectively, the platform for learning was zoom.

With over 25 registered students, 14 students completed the session 2 dropped and 4 did not show up for class.

NI ABULE

Ni-Abule is an educative session that supports fathers, mothers, grandparents, and guardians. The program is bi-weekly on zoom and monthly in-person meetings where stories come alive in the village. During this event, tips and tricks are shared on how to mold the next generation.

This is an event to look up for.

GRANTS AND DONATIONS

Relume Foundation has submitted grants in-focus areas of healthcare, mental health, and education. We are optimistic that we will get a favorable response and will be glad to share our joy.

We are also glad to inform you that we have gotten free-will donations to promote the activities of the foundation.

YOBE HEALTHCARE INTERVENTION

We are uplifting the rural community of yobe state, Nigeria sponsored by shell petroleum Nigeria. The building of the standard primary healthcare center for the people. The building project is at the finishing and furnishing stage and we hope to commission it soon.

WEEKLY UPDATE ON COVID-19

Our weekly update on Covid-19 happens every Monday at 7:00 pm where dissemination of information on the recent happening of Covid-19 is given out. This education session with top medical professional educates the attendees on safety and what to expect. We encourage you all to stay safe.
