As we approach the conclusion of the year 2023, we would like to provide you with a concise summary of our endeavors during the final two months of this year and an update on our ongoing and forthcoming initiatives.

SCHOOL SUPPLIES

Divine Nursery & Primary School in Idogo, Ogun State has been fortunate to receive the generous support of cheerful donors through the Relume Foundation. The school was provided with essential supplies such as pencils, erasers, crayons, pens, colored pencils, teacher's packages, and supplies for the head of the school. Considering the high cost of school materials in the country, this donation has brought immense joy to parents, students, teachers, and members of the community.

DREAM COME TRUE

The dream of the students at Divine Nursery & Primary School Idogo, Ogun State to own a tricycle for easy transportation has finally become a reality. Upon reviewing the school reports, we discovered a significant challenge. The elementary students were still studying in an old building that was on the verge of collapsing. The Relume team reached out to them and discovered that they were unable to walk to the new school site. It was reported that some students had even been involved in an accident with a bike man who had arranged to transport them to the new school. Thankfully, no lives were lost, but the bike man sustained injuries. As a result, they had no choice but to continue using the old structure until a solution was found. This situation was hindering the purpose for which the new school had been built and furnished. In response, the Relume Foundation stepped in once again and provided them with a tricycle, commonly known as a keke napep in Nigeria, to serve as a substitute for a school bus and transport the students to and from school. We are delighted to announce that as a result of this new development, the elementary students will be able to start the new term in the new school facility on January 8, 2024. The school's head, parents, teachers, and community members expressed their joy and gratitude for this solution. Furthermore, this will also lead to an increase in the number of registered students attending the school.

ONE-ON-ONE TUTORING

The ongoing academic session for one-on-one tutoring in 2023/2024 is currently underway. We have successfully matched over 40 students with their respective tutors, who will focus on subjects of interest. The classes are conducted on the Zoom platform and are scheduled as follows:

1. Tuesdays from 4:30 pm to 7:30 pm
2. Wednesdays from 4:30 pm to 7:30 pm
3. Thursdays from 4:30 pm to 7:30 pm
4. Saturdays from 10 am to 1:30 pm.

APPRECIATION NOTES

The Relume Foundation expresses its gratitude to all our donors, both in the US and Nigeria. We deeply appreciate the love and support we have received.
